Homeless Resource Fair

Friday, April 19th, 2024

8:30am - 1:00pm

Lindbergh Community Park

4198 Marlesta Dr, San Diego, CA 92111

The Homeless Court Program (HCP) of San Diego County was created in 1989. While HCP is available in all of San Diego County, we recognize that transportation can be a barrier to access. This event is a walk-up resource fair that provides direct access to HCP in your community.

Participation in HCP typically requires a referral from a local homeless-service agency that already makes referrals into HCP (see QR code). If you do not already participate in one of these agencies, you can sign up at the event and as an incentive have your pending cases reviewed for potential resolution.

It should be noted that all participating justice agencies agree that at this event "No one goes into custody against his or her will."

The following services will be available at the Homeless Resource Fair:

- **Homeless Court Access** (Attorneys Present to Help)
- **DMV Services and Birth Certificates**
- **Child Support Services**
- **Department of Rehabilitation**
- **Detox/Substance Abuse Treatment**
- **Dept of Homeless Solutions & Equitable Communities** (public assistance, housing navigation, links to resources)
